# Event Resources

After you reserve your dates, we can leverage our on-island relationships to coordinate any event arrangements (including catering, décor rentals, videography/photography, florals, music, group transportation and island excursions) on your behalf. You can also work with one of the island's event companies, an off-island coordinator or directly with the individual vendors. We charge the island standard of 15% (minimum event fee) of the cost of any goods or services where our staff/assistance is involved.

## Getting Married on Anguilla

Local law requires a man and woman seeking to be *legally-married* on Anguilla to be married at the courthouse (or in one of the island's Protestant or Catholic churches) after being on island for at least two days prior and after fulfilling license application requirements and fees with the magistrate – which we can help facilitate for you. It can then be followed by a symbolic service anywhere you wish.

The magistrate office conducts legal ceremonies Monday through Thursday from 1 to 3 pm. Approximate cost for stamps, fees and certificate is \$300 US.

As an alternative, couples of all types and religions may choose to be legally-married prior to arriving on Anguilla, or after they return home, and just hold their commitment service or symbolic wedding ceremony on island.
